## Environmental Policy

The scope of the environmental management system covers the company sites involved in the manufacture of industrial pressure clamps, hose fittings, powder coated band and cable ties, sign mounting brackets using stainless steel and carbon steel band and buckles.

Band-It is committed to protecting the environment for the benefit of our employees and local communities, now and in the future. To accomplish this we will:

- Comply with the letter and spirit of all legal requirements and with other requirements to which Band-It Co Ltd subscribes which relate to its environmental aspects.
- Implement appropriate action for any changes to the environment resulting from our processes, activities and services.
- Commit to a process of continual improvement of our environmental performance.
- Commit to prevention of pollution by instituting the objectives and targets established in our Environmental Management System.

This Policy statement is relevant to organisational goals, targets, and objectives established to protect the environment. It is also appropriate to the nature, scale, and environmental impacts of the company's activities, products, and services.

This Policy is implemented, maintained and communicated to all persons working for or on behalf of Band -IT company Ltd and is available to the public via our web site.

The Environmental Policy and Procedures Manual provides a framework for establishing and accomplishing environmental objectives and targets.

In order to achieve these objectives it is the policy of Band-it Co Ltd to establish and maintain an effective environmental management system based on the requirements of BS EN ISO 14001:2004.

David Carter  
Managing Director
